

DEFINING TOMORROW

T359

T359

With its tight turning circle and short bumper to back of cab measurement the T359 has a level of manoeuvrability and visibility rare in a bonneted truck. Where access is difficult and moving in and out of tight spaces is the norm, the T359 excels. Available in 6x4, 4x2 and 8x4 configurations to suit a range of applications including prime mover, rigid and car carrier.

ADR 80/03 - THE NEW EMISSIONS STANDARD

There are two emission solutions employed to meet ADR80/03- Selective Catalytic Reduction (SCR) for the smaller engines, and Exhaust Gas Recirculation (EGR) with Diesel Particulate Filter (DPF) for the larger Cummins Engines.

Kenworth's application engineering process has delivered optimised solutions and integrates both EGR and SCR as required, seamlessly across the engine range. As well as being highly efficient and low maintenance, both cooled EGR with DPF and SCR have little or no impact on payload and efficiency. Kenworth customers get the emission compliance they need with the proven performance and reliability of engines they know and trust – all with the back up of our renowned local design and manufacturing capability and New Zealand wide support network.

For the T359 with the Cummins ISLe5 engine, SCR is utilised to meet the new standard. The SCR process purifies the NO_x from diesel combustion engines by introducing an additive, a urea solution, after the combustion process. The urea solution then converts the exhaust emissions to water and Nitrogen, meeting the 2011 regulations.

EBSS - ELECTRONIC BRAKE SAFETY SYSTEM

At Kenworth, safety has always been a paramount consideration, and we continue to invest heavily in developing a safer working environment for road transport operators and other road users. All 2011 new model Kenworth's are available with the latest Kenworth EBSS Safety Package. EBSS incorporates a variety of safety features including ABS, Drag Torque Control, Traction Control and ESP.

Kenworth EBSS has been designed to provide a class leading and reliable system for New Zealand's unique road conditions and applications, and deliver better peace of mind for all road users. To learn more about these safety systems see www.kenworth.com.au

NEW FEATURES

The new T359 Kenworth features a wide range of important enhancements - from the significant driver environment improvements to the additional safety features. New doors have been introduced with electric windows as standard, with wider more comfortable arm rests and a new heavy duty steel key improved Heater, Ventilation and Air Conditioner Units keep you warmer in winter and cooler in summer. The T359 is available with Front Underrun Protection System (FUPS) bumper including provision for optional driving lights and new bulkhead connection reducing dust, heat and noise in the cab to improve the driving environment.

T359 28" SLEEPER

MAIN SPECIFICATIONS AND OPTIONS

CONFIGURATION

- 6X4 **standard**
- 4X2 **optional**
- 8X4 **optional**

KITS

- FUEL HAUL & GAS HAUL **optional**

ENGINE

- ISLe5 280HP @ 778 LBFT TORQUE - SCR **standard**
- ISLe5 320HP @ 996 LBFT TORQUE - SCR **optional**
- ISLe5 340HP @ 1106 LBFT TORQUE - SCR **optional**
- ISLe5 360HP @ 1180 LBFT TORQUE - SCR **optional**
- ISLe5 380HP @ 1254 LBFT TORQUE - SCR **optional**

EXHAUST

- EGP MOUNTED UNDER CHASSIS **standard**
- EGP POST MOUNTED BEHIND CAB **optional**

AIR CLEANER

- DONALDSON PLASTIC AIR CLEANER MOUNTED UNDER HOOD **standard**

TRANSMISSION

- EATON FR9210B **standard**
- EATON RT01919A - ALL **optional**
- EATON RTLO12913A **optional**
- EATON RTLO14918B **optional**
- ALLISON AUTOMATIC MD3500P / MD3200P **optional**

FRONT AXLE

- DANA E-1462I **standard**
- DANA TWIN STEER/DUAL E-1322I **optional**
- MERITOR FG941 **optional**

REAR AXLE

- DANA DSH40P **standard**
- DANA S23 - 170 single **optional**
- DANA D46 - 170 **optional**
- MERITOR RT40-145 **optional**
- MERITOR RT46-160 **optional**

REAR SUSPENSION

- KENWORTH AIRGLIDE 400 **standard**
- HENDRICKSON HN402 **optional**

BRAKES

- DRUM **standard**
- DISC **optional**

WHEELS

- ALCOA 10 STUD **standard**
- STEEL **optional**

SLEEPER

- 28" IT **optional**
- 36" RECESSED BACK FLAT TOP **optional**

FUEL TANKS

- 260L 625MM DIA RIGHT HAND FORWARD **standard**
- 70L 'ADBLUE' UREA TANK RIGHT HAND REAR **standard**
- 400L 625MM DIA LEFT HAND FORWARD **optional**
- 260L 625MM DIA RIGHT HAND REAR **optional**
- 270/180L SPLIT FUEL OIL TANK RIGHT HAND FORWARD **optional**
- 400L RHF **optional**
- 180L RHF **optional**

PAINT

- SINGLE COLOUR TO CAB **standard**

GCM

- 40 TONNE LIMIT

THE BEST DEALER NETWORK

Southpac Trucks Ltd has built an extensive service dealer network across New Zealand that is renowned for its professionalism and excellence in the heavy duty truck industry. The Kenworth dealer network also includes highly qualified dealers in Australia and Papua New Guinea.
